

MAS 2600 Pressure Calibrator KIT

Introduction: MAS 2600 Pressure Calibrator KIT Consists of all you need to make highly accurate pressure calibrations and is supplied in a carry case.

The Calibrator KIT includes:

DPI802P Calibrator: DPI802P loop calibrator, an advanced, robust and easy to use hand-held instrument.

Features:

- Pressure indicator
- mA measure with 24V loop power.
- Switch test
- Leak test
- HART® resistor
- Large dual display with backlight

Specifications:

Range -1 to 3.5 bar
Accuracy 0.01% FS

Power supply:
3 x AA Alkaline batteries
Duration: >50 hours (measurement)
>10 hours (24V source at 12.5 mA)

PV210 Hand Pump: The PV210 low pressure pneumatic hand pump is fully portable and easy to use. This precision unit gives pneumatic pressure and vacuum.

Specifications: Range -0.9 to 3.0 bar.

Accessories: Carry case, MAS 2600 test cup and MAS 2600 amplifier connector.

Ordering Code: 8-DPI802P CAL KIT

Main items in the carry case can be ordered separately as spares.
